

Website accessibility statement

This website (www.doyntonvillage.org) is run by Doynton Parish Council. We want as many people as possible to be able to use this website. For example, that means you should be able to:

- change colours, contrast levels and fonts using your browser or device
- zoom in up to 300% using your browser or device without the text spilling off the screen
- navigate most of the website using just a keyboard
- navigate most of the website using speech recognition software
- listen to most of the website using a screen reader (including the most recent versions of JAWS, NVDA and VoiceOver)

We've also made the website text as simple as possible to understand.

[AbilityNet](#) has advice on making your device easier to use if you have a disability.

Parts of this website that are not fully accessible

We know some parts of this website are not fully accessible:

- you cannot modify the line height or spacing of text
- most older PDF documents are not fully accessible to screen reader software

Feedback and contact information

If you need to contact us please email doyntonvillage@live.co.uk:

Reporting accessibility problems with this website

We're always looking to improve the accessibility of this website. If you find any problems not listed on this page or think we're not meeting accessibility requirements, email doyntonvillage@live.co.uk.

Enforcement procedure

The Equality and Human Rights Commission (EHRC) is responsible for enforcing the Public Sector Bodies (Websites and Mobile Applications) (No. 2) Accessibility Regulations 2018 (the 'accessibility regulations'). If you're not happy with how we respond to your complaint, contact the Equality Advisory and Support Service (EASS).

Technical information about this website's accessibility

Doynton Parish council is committed to making its website accessible, in accordance with the Public Sector Bodies (Websites and Mobile Applications) (No. 2) Accessibility Regulations 2018.

This website is partially compliant with the requirements of the WCAG 2.1 AA standard.

Non accessible content

The content listed below is non-accessible for the following reasons.

Non-compliance with the accessibility regulations

Some PDF documents do not comply with WCAG 2.1. We are working to ensure that all future PDF documents are compliant.

Content that is not within the scope of the accessibility regulations

PDFs and other documents

Some of our older PDFs and Word documents do not meet accessibility standards – for example, they may not be structured so they are accessible to a screen reader. This does not meet WCAG 2.1 success criterion 4.1.2 (name, role value).

Navigation and accessing information

There's no way to skip the repeated content in the page header (for example, a 'skip to main content' option).

It's not always possible to change the device orientation from horizontal to vertical without making it more difficult to view the content.

It's not possible for users to change text size without some of the content overlapping.

Preparation of this accessibility statement

This statement was prepared on 16th September 2020

This website was last tested on 16th September 2020 The test was carried out internally
